### A WAY OPEN.

Many a Barre Reader Knows It Well.

There is a way open to convince the greatest skeptic. Scores of Barre people have made it possible. The public statement of their experience is proof the like of which has never been produced before in Barre. Read this case of it given by a citizen:

Mrs. John Bresett, residence, Pleasant Street, near Fortney, says: "Doan's Kidney Pills, sold by E. A. Brown's drug store, did me more good than all the other remedies for the kidneys I ever used. For the results I obtained I most emphatically endorse the preparation. At different times for three or four years I suffered from acute backache and when that was not present there was a dull aching through my loins and kidneys, sometimes changing to sharp twinges, positively proving that in some way the action of these organs was disturbed. When in the acute stage twinges were sure to catch me if I stooped, and if I attempted to lift anything even light I was always rewarded with extra aggravated aches. In the morning I have often been so lame and sore across the small of my back that I could hardly get out of bed, and although I tried remedy after remedy advertised I received little if any benefit. A friend was so emphatic about the merits of Doan's Kidney Pills that I took his advice and commenced the treatment. They helped me after a dose or two and when I completed the treatment of two boxes, the backache ceased, my kidneys were thoroughly cleansed and I was in better health than I had been for many a long day."

For sale by all druggists. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### HIS HAND TORN OFF.

Joseph Sleeper of Vershire Badly Hurt Yesterday.

Vershire, Oct. 21.—Joseph Sleeper, an eight-year-old son of C. C. Sleeper, while working on a threshing machine at Francis Spear's place yesterday, suffered an injury that resulted in the loss of his right hand. The young man put his hand back of the cylinder of the machine to clear away an obstruction, and while doing so his arm caught, literally tearing away the hand.

Dr. F. H. Godfrey was summoned and found it necessary to amputate the arm half way between the wrist and the elbow.
